COURSE DESCRIPTION

Bachelor Program in Science - Computer Science is abbreviated as B.Sc. Computer Science. Computer Science is a field that deals with the theory of computing, programming languages, database systems, networking, software engineering, artificial intelligence. After completing B.Sc. CS, students will have many career opportunities like they can choose to become an IT project manager, DTP Operator, hardware, software or network engineer. It deals with the systematic and logical study of computers and its applications. B.Sc. CS graduates have an option to choose between core jobs (programming, testing) and non-core jobs (BPO, non-technical).
