## DIPLOMA IN HOSPITAL ADMINISTRATIONS

The right & deemed fit students will be provided with 100% placement assistance.

### **Course Description**

Hospital administration is concerned with the organization, coordination, planning, staffing, evaluating and controlling of health services for the masses. The primary objective is to provide quality healthcare to people and that too in a cost – effective manner. Professional hospital administrators have proven how institutions can be managed proficiently, economically and successfully in a given time period. Hospital professionals need to know and learn about varied levels and types of management starting from Managing operations, departments, supply chain, patient information to finance and staffing
