## COURSE DESCRIPTION

The BA in Economics program is a 3-year program designed to provide a general education, with an emphasis on the skills and knowledge required to understand the economy.

For any career related to finance, an economics degree is a good foundation to build on. Roles in data analysis such as an actuary, or an investment analyst, are typical careers for an economics graduate. For those who want a job directly related to economics, further study is recommended. BA Economics, as a course, entails a bright future with a sea of opportunities in terms of job profiles as well as further education. There are numerous options and with the correct skill, knowledge, and experience, the pay package one can receive after graduating BA Economics can be highly lucrative.
