COURSE DESCRIPTION

Finance management forms an integral part of any business or company. Without a good finance management strategy/policy, the business/company will simply amass losses! Skilled finance managers are highly valued by employers. They are hired by firms operating in various niches. For example, they are hired by banks, finance institutes, Government agencies, hospitals, business firms, MNCs etc. It also takes into focus a deep analysis and study of financial markets, basics of trading and its regulation, market forces, demand and supply which are an essential part of finance in any organization. As financial assets, debt and equity shares are of utmost importance in any organization. Candidates who pursue the course are provided training with the help of presentations, interactions with industry personnel, industrial projects, practical sessions etc.
